### FCC regulations

This equipment has been tested and found to comply with the limits for a Class A digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference when the equipment is operated in a commercial environment. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instruction manual, may cause harmful interference to radio communications. Operation of this equipment in a residential area is likely to cause harmful interference, in which case the user will be required to correct the interference at his own expense. The end user of this product should be aware that any changes or modifications made to this equipment without the approval of Hewlett-Packard could result in the product not meeting the Class A limits, in which case the FCC could void the user's authority to operate the equipment.

### Réglementations de la FCC

Ce matériel a été testé et déclaré conforme aux limites imposées à un appareil numérique de classe A, en vertu de l'article 15 des réglementations de la FCC. Ces limites sont conçues pour assurer une protection raisonnable contre les interférences nuisibles lorsque l'appareil est utilisé dans une installation commerciale. Ce matériel génère, utilise et peut émettre de l'énergie sous forme de fréquences radio. S'il n'est pas installé et utilisé conformément aux instructions du manuel, il peut causer des interférences nuisibles aux communications radio. L'utilisation de ce matériel dans une installation résidentielle peut provoquer des interférences nuisibles. Dans une telle situation, l'utilisateur devra remédier au problème à ses propres frais. Tout changement ou modification de l'appareil n'ayant pas été expressément approuvé par HP peut le rendre non conforme aux limites imposées aux appareils de classe A et entraîner la révocation par la FCC du droit de l'utilisateur à
